

First Sunday of Lent – 02/21/21

“This is the sign that I am giving for all ages to come, of the covenant between me and you and every living creature with you; I set my bow in the clouds to serve as a sign of the covenant between me and the earth.”

After the earth and most of its inhabitants had been destroyed by the flood because of worldwide immorality our Lord renewed his covenant with Noah under the sign of the rainbow.

Well we are arguably experiencing worldwide depravity all over again and even the rainbow, the sign of the covenant, has been usurped by the enemies of God to promote their evil anti-life, anti-Christ agenda.

One has to wonder how much more the Lord is going to allow before acts again on the earth and its peoples.

“Since the birth of Christianity, since the creation of the world, there has never been a revolution in which impiety has been so blatantly manifested and simultaneously carried to such monstrous and extravagant excesses.

Yet it has spread with astonishing rapidity...A great people has suddenly changed its principles, customs, laws, and religion. Without reason and against all reason...atheism is flaunted...

It adopts the cruelest notions, welcomes the most senseless proposals, and applauds the most ridiculous braggarts. All this can be explained only by attributing it to the greatest power left to the demons, to that liberty which, according to various passages of Scripture, is given for a certain time to the powers of darkness.”

This was taken from an essay written by Fr. Picot de Cloriviere on January 27th, 1794 in response to the French Revolution but it could have just as easily been written for our times.

The only thing I might add to more accurately reflect our day and age is to change the phrase from “atheism is flaunted” to “Satanism is flaunted.”

You know some of the very same forces that were at work in the French Revolution and then again in the more recent Mexican Revolution and now in the current world-wide revolution are Masonic forces.

The Catholic Church and her faithful clergy was the primary target during the French and Mexican Revolutions and they will be the primary targets today as well.

I’m talking about the very same Masonic group that is just down the road in Alma. The Shriners who use those cute little children with squeaky voices in their commercials to promote

their hospitals while at the same time promoting widespread abortion the world over.

I guess if a deformed child manages to escape the womb they will gladly use them to further their evil agenda until they can wipe out those deformities by identifying them in the womb and killing them before they can ever be seen or heard.

Freemasonry is evil and no Catholic can knowingly be a part of this rotten cabal and still be in good standing with the Church.

Now more than ever the faithful need to heed Jesus' warning to "Repent and believe in the gospel."

According to Saint Peter at the time that Noah and his family left the ark only eight people had survived the end of the known world.

Is the world better today than it was at the time of Noah? Were they killing 40-50 million babies worldwide every year? That's 125,000 babies every day. I doubt it.

So what can we do about it? How can we be sure that we will be among those who survive?

I would suggest only one thing. Repent and believe in the gospel so that when the Lord does act we will not be caught outside of the new ark which is the Holy Catholic and Apostolic Church.
